Mike Roi — Vocals

Raised in Jupiter, Florida, Mike Roi found his voice as a songwriter at 16, when his first band realized covers weren't their strength — original music was. That instinct carried him through Philadelphia and into New York City, where he sharpened his craft busking on subway platforms and city streets. Today he fronts Roi and the Secret People, an original rock act out of Pennsylvania's Lehigh Valley, splitting his time between full-band shows and stripped-down acoustic sets across the East Coast. An award-winning songwriter and performer, Mike also spent seven years teaching at the School of Rock in Easton, helping young musicians find their own voice. He's currently finishing a new release with Roi and the Secret People, fresh off a writing trip to Nashville.
